

Grundfos is excited to introduce our global training website “Learn” in the US and Canada. The purpose of Learn is to provide a solid foundation to educate our customers regarding our products, solutions, and applications

Learn will provide a centralized location for you to access our live and recorded webinars, research, and product documentation, classroom offerings as well as our online training located in our virtual section, Ecademy.

The screenshot shows the Grundfos Learn website. At the top is a dark blue navigation bar with the Grundfos logo on the left and 'US' and 'Sign in' on the right. Below the navigation bar are menu items: 'PRODUCTS & SERVICES', 'SUPPORT', 'LEARN' (highlighted), 'ABOUT US', and 'WHERE TO BUY'. A breadcrumb trail shows 'Home > Learn'. The main content area features a large image of hands working on a technical drawing with the text 'Learn with Grundfos' overlaid. Below this is a search bar with the placeholder text 'Search for...'. Underneath the search bar are three categories: 'Learn by: ECADEMY', 'RESEARCH AND INSIGHTS', and 'WEBINARS'. The 'ECADEMY' category is selected. Below this is a dark grey section with the heading 'Grundfos Learn - your online learning hub'. The text reads: 'In Grundfos Learn you will find information on pumps, pump applications and new solutions within the industry. We have a wide range of articles, whitepapers and online courses giving you insights and knowledge on pump related topics.' Below this text is a blue button that says 'VISIT GRUNDFOS ECADEMY'. To the right of the text is an image of a tablet displaying a technical diagram of a pump with labels like 'COMPACT', 'BUILT-IN SENSOR', 'LOW ENERGY MOTOR', 'AUTOMATIC FUNCTION', 'EASY INSTALLATION', 'QUIET', and 'EXTERNAL SENSOR'. The diagram is surrounded by various tools like a wrench and a screwdriver.

Find training videos relevant for you in our growing catalogue of online courses

To help you succeed in your line of business, we have developed a catalogue of online training courses that dive into various subjects within pumps and applications. We call it GRUNDFOS ECADEMY. Check out the growing catalogue of online training courses.
